A Relaxing Boise Ride

The Boise River Greenbelt is a recreational and alternate transportation trail along the banks of the Boise River through the city of Boise, Idaho. The Greenbelt extends more than 20 miles.

For our tour we will be guided along the Boise River on bicycles and take in sights such as Albertsons Stadium, the famous “Blue Turf,” our White Water Park and Esther Simplot Park.

Along the way there will be wine tasting and lunch at the Coiled Winery.

This will be a 3- hour bike tour. Your “Green Bike” is included. Be sure to bring your camera; there may be some bald eagles to view.

Sign up for 2017 FWSA Optional Activities by May 8, 2017 using the Registration Form or online at fwsa.org.
