US Free Skiing and Snowboarding Teams Named

The U.S. Ski and Snowboard Association announced its full rosters of free ski and snowboard team members this week. One notable absence from this outstanding team was gold medalist, Shaun White. Tom Kelley, ski and snowboard team spokesman said "Shaun rides independently from the U.S. Snowboarding team. Just his choice. There's no requirement that you need to be a part of the team." Shaun has been on the two previous U.S. Olympic teams, but does not participate with the U.S. team outside of the Olympics.

Women's Ski Jumping Team and the New York Times

The VISA Women's Ski Jumping USA team made the cover of the New York Times Magazine on November 24th. The cover story, entitled "Who Said Girls Can't Jump", takes an in-depth look at the decade-long struggle to get a women's ski jumping event into the Olympic Winter Games by focusing on the U.S. team's fight to get there and to win. In conjunction with the New York Times Magazine cover story, Women's Ski Jumping USA has launched a new fundraising campaign to raise \$70,000 to meet budget demands of their most expensive World Cup season ever.

FWSA Athletic Scholarship Program

The Far West Ski Week at Beaver Creek will mark the beginning of the FWSA Athletic Scholarship program's 2014 fund raising. Thanks to our long-running sponsor, Karbon, they will donate a Karbon ski outfit to be raffled at the ski week banquet. The winner will select the style, color, and size from the 2014 Karbon catalog and that outfit will be made for him or her and delivered in the fall. Raffle tickets are \$5 each or 5 for \$20. Ski week participants are invited to stop by the scholarship display at the welcome party and the farewell banquet to learn more about the program. Volunteers to help ticket sales would be especially appreciated.

Karbon offers a discount on Team Gear. How about your club? Isn't time to show your colors on the slopes? Now is the time to think about Karbon's team discount program. Buy 10 jackets of the same style and color and a world of accessories opens to you. For more information, contact Randy Lew (Cell: 530.304.0802/ E-mail: fwsarandy13@telis.org).

Far West Ski Foundation

LET'S PUT OUR USA WOMEN'S SKI JUMPERS ON THE PODIUM IN SOCHI!

You know their story; they struggled against overwhelming odds to compete in the 2010 Olympics. Even with favorable Canadian laws, they were not allowed to compete. Now, with four years' training and jumping in international competition, they are going to carry OUR flag and the hopes of all Far West Members to Sochi in the first Winter Olympics ever to feature women's ski jumping.

The Far West Ski Foundation and the Far West Ski Association made a joint commitment earlier this month to raise a share of the \$70,000 stated by WSJUSA as needed to cover our team's last minute expenses and we need help from any and all members. Our joint Far West share is \$5000 by February 5. The current USA Women's Ski Jumping team lives and trains in Park City. It's like they are Far West's team!

We are asking individuals to make a tax-deductible contribution to Far West Ski Foundation in this tax year (or in January for that matter). Councils and clubs can make their contributions, earmarked for our jumpers, any time before early February. The Foundation is the lead for this campaign, with the Association in a strong backstop role to top off the joint commitment.

You can make your contribution in two ways: by check to the FWSF Treasurer, John Reinhardt, 6105 SW Sheridan, Portland, OR 97225; or by using the contributions page of the website farwestskifoundation.org. FWSF is a California public benefit corporation operating under section 501c3 of the IRS tax code.

Far West Charity & Community Service Recognition

News for 2014

FWSA encourages all clubs and councils to get involved with charities and community service. The Charities and Community Service Recognition Program has been recognizing clubs for their charitable work at each convention for the past eight years. Information can be obtained on the Far West website: www.fwsa.org regarding this wonderful program, and how easy it is to apply for this recognition.

The top 3 clubs will be invited to display a picture board at Convention. From these three, the winning club will receive \$300, and the two runner-ups will each receive \$100 to be donated to the charity of their choice. In addition, we now award \$100 to the top ski club council. All groups that apply will be recognized at Convention. Application deadline is March 20, 2014. Just the Facts

SnowSports Industries America (SIA) recently released the 2013 Youth Snow Sports Market Intelligence Report, a supplement to the full Market Intelligence Report. Over 4.4 million kids between ages 6 and 17 participated in snow sports during the 2012/2013 season, representing 25% of alpine skiers. Retailers and brands are working together to understand what suits these kids. "If we can figure out how to get kids interested, we will get the whole family involved and to our retail shops". Youth sales brought in \$306 million or roughly 9% of total snow sports sales in 2012/2013, with 57% of those purchases being made at specialty shops.

A frequently asked question: Are the rates of collisions among skiers and snowboarders on the rise? According to Dr. Jasper Shealy, professor emeritus at the Rochester Institute of Technology in Rochester, N.Y., who has studied ski related injuries for more than 30 years, the number of collision accidents with other skiers or snowboarders accounts for only 6.4 percent of reported accidents. Dr. Shealy's research also confirmed that alpine skiers are three times more likely to be involved in a collision with other people than snowboarders.

Travel Tips for the "Over Fifty" Skier

Don't Trust Over-the-Counter Drugs Overseas: Drugs obtained overseas can be questionable. Always carry the basic over-the-counter drugs with you when you travel. If you are going to a

sunny destination, be sure to ask your doctor if any of your prescription medicines may cause increased sensitivity to the sun.

Take More Prescription Medicine Than You Think You Need: An extra week's worth of medication is a good rule of thumb. You never know when your trip may be interrupted.

Ask Your Doctor for Duplicate Prescriptions: You never know when your pills may be lost or stolen. Always carry your medications with you in case your luggage gets lost or stolen.

Adjust Your Schedule of Prescription Medication to Account for Time Zones: An easy way to do this is to carry an extra watch and keep it set to your own time zone at home.

Bug Bites and Stings: Be sure to take along an antihistamine if you are allergic to bug bites and stings. An EpiPen may also be a necessary addition to what you take with you. Meat tenderizer, such as Accent is one of the best ways to avoid pain and swelling.

Sunstroke Secrets: Eat bananas, tomatoes and oranges, rich in electrolytes to avoid dangerous dehydration.

Heart Medication: If you take Nitroglycerin for your heart, make sure the pills or patches are fresh. They lose their potency over time.

Insulin: Carry a prescription for your syringes. Many states and countries will not sell them to you over the counter.

Carry a Simple Medical Information Form With You Including:

- > Your name, address, phone number
- > List relatives and friends who should be contacted in an emergency, along with their contact information
- > Personal physician contact information
- > Dentist contact information
- > Current medications you're taking, both prescription and over-the-counter
- > Known drug and food allergies
- > Name and phone number of medical insurance company (direct phone number only)

Insurance: Check with your insurance carrier prior to departure about what documentation they require for reimbursement and payment. Medicare will not cover you outside the US, Mexico or Canada. However, some insurance carriers maintain offices overseas. Most insurance plans only pay to get you to the nearest hospital. If you need to be evacuated to a more appropriate facility, it can be at your own expense. It may be worth considering purchasing insurance from your tour operator for trip interruption or cancellation.
