Far West Ski Association

HAPPY NEW YEAR, 2018 !

National Ski Safety Month: January is **National Safety Month** at ski resorts across America, and Colorado Ski Country USA (CSCUSA) member resorts are hosting safety-related programs across the state. Every year, Colorado's ski resorts hold safety demonstrations and programming to educate guests about best safety practices and remind skiers and riders, whether they are new to the sport or long-time veterans, that each skier or rider is responsible for ensuring they stay safe on the slopes. January events include ski patrol demonstrations, avalanche safety training, visits with resorts' highly trained avalanche dogs, and helmet and safety giveaways. After years of raising awareness about the importance of helmet use, 83 percent of skiers in Colorado wore a helmet during the 2016-17 season.

Another key aspect of National Safety Month at Colorado ski resorts is raising awareness about the importance of skiers and snowboarders following the **Your Responsibility Code**:

- Always stay in control, and be able to stop or avoid other people or objects.
- People ahead of you have the right of way. It is your responsibility to avoid them.
- You must not stop where you obstruct a trail, or are not visible from above.
- Whenever starting downhill or merging into a trail, look uphill and yield to others.
- Always use devices to help prevent runaway equipment.
- Observe all posted signs and warnings. Keep off closed trails and out of closed areas
- Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

Big Air (Bags): *Progression Airbags*, great big, pillow-soft, inflatable air bags as big as 200 feet long, are being used by athletes for training purposes, allowing them to attempt tricks in a realistic setting with decreased risk of injury. These creations are in fact, ultra-durable; they resist sharp ski edges and ski poles and they've also been used by professional snowmobilers, motocross riders, BMX and mountain bikers, all with heavy-duty equipment. The bags come in a variety of shapes and sizes, but, only three of the 200-foot variety have been produced. Two of those three bags are currently in use at "dry-slope" facilities—one outside of *Montreal, Quebec*, the other in *Park City, Utah*—and only one has been integrated into a true snow park.

Inflating and setting-up these bags on snow is extremely difficult. The terrain park-building experts at *Mammoth Mountain* are credited with achieving the feat, and no one is surprised; it's the sort of park-building prowess that attracted the U.S. Ski & Snowboard Teams to Mammoth many years ago and kept 'em coming back each year since.

Being the official training grounds for the U.S Ski and Snowboard Teams is something Mammoth takes great pride in. *Mammoth Mountain* has supported free-skiing formally since it introduced the *Mammoth FreeSki Team* back in 2000. Since then, Mammoth has hosted ten-plus years of Grand Prix Olympic qualifying events. Mammoth has also served as the naming site for both the 1998 and 2014 Olympic snowboarding teams, and will serve as the naming site of the **Pyeongchang**-bound free-ski and snowboard squadrons in the **2018 Winter Olympics**.

Meet Alterra Mountain Company: *Alterra Mountain Company*, headquartered in Denver, was created when affiliates of KSL Capital Partners, owners of Squaw Valley Alpine Meadows in California, and Henry Crown and Company, owners of Aspen Skiing Company, purchased Intrawest, Mammoth Resorts, and Deer Valley Resort in 2017.

The destinations that make up *Alterra Mountain Company* are spread throughout five states and three Canadian provinces: Steamboat and Winter Park in Colorado; Squaw Valley Alpine Meadows, Mammoth Mountain, June Mountain and Big Bear Mountain Resort in California; Stratton in Vermont; Snowshoe in West Virginia; Tremblant in Quebec, Blue Mountain in Ontario; Deer Valley in Utah; and CMH Heli-Skiing & Summer Adventures in British Columbia. In the coming months they will announce new season pass products that will provide access to all of its existing mountains, plus many additional benefits.

FAR WEST CONVENTION

FIVE Months And Counting: *The Bay Area Snow Sports Council and Sierra League and Council* have been busy planning the 2018 Convention, to be held June 7-10, 2018 at the Atlantis Casino and Resort Spa. We'll have rafting on the Truckee River, our Annual Michael German Golf Tournament, a day hike in South Lake Tahoe, a Spa Day, and other fun things planned, along with our usual Silent

Auction, Travel Expo, Educational Seminars, Panel Discussions with local experts on forestry, ski areas, and other issues, a great Keynote Speaker, and just a good time for everyone. Make your reservations now: <https://reservations.travelclick.com/98418?groupID=2016540>.

We asked -- and we are getting results, but we still need our FWSA family to help us. We now have a BAC Volunteer Coordinator, Maarten Vandemeer, of Modesto Ski Club, but it **really does take a village to host a convention!!** If we can get a lot of **helper-bees** for the myriad of tasks, it will spread out the work and make the convention fun for all of us. Get **YOUR club** to help out with registration and pub crawl sign-in on Thursday afternoon, get optional event participants onto busses Friday morning and registration on Friday afternoon. Helping hands are needed throughout the convention to take meal tickets, staff hospitality suite events and many small tasks that will take only a short amount of time and help to lighten the host councils' load. Contact the convention host coordinators: Jo Simpson, jo_simpson@sbcglobal.net and Paul Vlasveld, pvlaveld@comcast.net.

SOMETHING NEW.... For any current members of this *Yahoo Group*, or any **NEW** members who sign up between now and **March 1st**, your names will be entered into a drawing. The winner will be awarded a **PAID Convention Registration (\$159)** to the 2018 Far West Ski Association Convention in Reno, Nevada, June 7-10, 2018. All you have to do is email me, at fwsadebbi@comcast.net and let me know that you are interested in coming to convention, or want to join as a new member to receive

the monthly *Far West News Flash*.

FAR WEST SKI FOUNDATION

We're less than two weeks away from *PyeongChang* and we may get 3 or 4 ski jumpers on the Olympic quota for USA. Sarah Hendricksen is in, with two other possibilities and one additional jumper on the cusp. Thank you for your support to the missions of the Far West Ski Foundation. We have helped US Women's Ski Jumping to get this far with great possibilities.

Now is the time to think of Alpine scholarships, Adaptive and museum support. We want to make our grants before the snow flies.

Ingrid Wicken of the Cal Ski Library has been selected to receive the *Skade* award from ISHA for her book on the 50 years of jumping in California. She has also contracted to write a new book on the Lost Ski Areas of Northern California. She will need help with some names of vanished areas.
